**CA Prop 65 Declaration****Rev.1 / 2020-29-07**

Dear Customers,

Deutsche Nickel GmbH (DN) would like to inform any customers that all products sold by DN may contain trace amounts of chemicals listed in California's Safe Drinking Water & Toxic Enforcement Act of 1986. Commonly referred to as Proposition 65, this act establishes a list of chemicals known by the State of California to present a risk of cancer, birth defects, or other reproductive harm.

Chemical exposure typically occurs through inhalation, ingestion or adsorption. DN does not sell any products that are intended to be used in these methods. DN cannot foresee all uses of their products (both intended and unintended uses) and as a result has opted to provide a general warning of known chemical presence.

This declaration and warning will remain accessible on DN's website henceforth.

The actual Proposition 65 chemical list can be found at:

<https://oehha.ca.gov/proposition-65/proposition-65-list>

Safety Data Sheets (SDS) will be provided upon request in a reasonable time-frame.

Best regards

Andreas Schulte 

Head of Quality Assurance wire and bars
