Schwerte, 23.08.2023**Declaration of SVHC / REACH Conformity
(last update June 2023)****Rev16 / 2023-27-06**

Dear Customers,

we hereby confirm, that our products and parts do not contain more than 0.1% weight (w/w) of a Substance of Very High Concern (SVHC) according to the candidate list of the European Chemicals Agency (ECHA) – latest update 14 June 2023:

<https://echa.europa.eu/candidate-list-table>

Deutsche Nickel GmbH is a Downstream User as defined by the requirements of the European Union (EU) Regulation – Registration, Evaluation, Authorisation and restriction of Chemicals (REACH).

Deutsche Nickel GmbH gets raw materials from upstream suppliers that follow through with the final REACH registration. Our finished products are defined as preparations or mixtures that will not require registration.

We assure that Deutsche Nickel GmbH will continue monitoring the REACH regulations for any new Substances of Very High Concern (SVHC) that may be included in the ECHA candidate list. We will compare any newly listed SVHC with the raw materials in our product lines and communicate this information to our customers. Therefore Deutsche Nickel GmbH is sharing BomCheck.net.

Best regards

Ben Arnolds

Director Procurement & Supply Chain
